12

13 WHEREAS, the County Council has determined that the proposed amendments to the
14 development regulations promote a county purpose as established under RCW 36.70A.130 and
15 Chapter 30.73 SCC; and
16

17 WHEREAS, the Snohomish County Planning Commission ("Planning Commission")

34

35 NOW, THEREFORE, BE IT ORDAINED:
36

37 Section 1. The County Council adopts the following findings in support of this
38 ordinance:
39

40 A. The foregoing recitals are adopted as findings as if set forth in full herein.
41

42 B. This ordinance will amend Title 30 SCC.
43

1
2 C. This proposal is consistent with the following goals, objectives and policies contained in

12 response to unanticipated and desirable developments."
13
- 14 4. Objective LU 6.B "Encourage land use activities and development intensities that
15 protect the character of rural areas, avoid interference with resource land uses,
16 minimize impacts upon critical areas, and allow for future expansion of UGAs."
17
- 18 5. Policy LU 6.B.3 "Resource-based industries that help sustain rural communities,
19 require only rural levels of service, support the conservation of natural resource lands,
20 and complement rural character shall be promoted in rural areas."
21
- 22 6. Objective LU 6.E "Within rural residential areas, recognize existing businesses that
23 are an integral part of the rural character and provide for small-scale, commercial
24 developments that support the immediate rural population with necessary goods and
25 services."
26
- 27 7. Policy LU 6.E.1 "Within the rural residential designations of the Future Land Use

39 development (LAMIRD) that provide retail goods and services to the immediate
40 population and a larger surrounding service area and allow limited infill adjacent to
41 existing commercial development."
42
- 43 10. Objective LU 7.C "Enhance and encourage the agricultural industry through the
development and adoption of supporting programs and code amendments."

1 11. Policy LU 7.C.1 "The Agricultural Advisory Board shall provide advice on and
2 recommendations for goals, policies, programs incentives and regulations related to
3 agriculture and agricultural conservation."

4
5 D. Procedural requirements.

6
7 1. This ordinance is consistent with state law and chapter 30.73 SCC.

8
9 2. State Environmental Policy Act, Chapter 43.21C RCW ("SEPA"), requirements with
10 respect to this non-project action have been satisfied through the completion of an
11 environmental checklist and the issuance of a determination of non-significance on
12 October 9, 2013.

13
14 3. Pursuant to RCW 36.70A.106(1), a notice of intent to adopt this ordinance was
15 transmitted to the Washington State Department of Commerce for distribution to state
16 agencies on September 6, 2013.

17
18 4. The public participation process used in the adoption of this ordinance has complied
19 with all applicable requirements of the GMA and the SCC.

20
21 5. As required by RCW 36.70A.370, the Washington State Attorney General last issued
22 an advisory memorandum in December of 2006 entitled "Advisory Memorandum:
23 Avoiding Unconstitutional Takings of Private Property" to help local governments avoid
24 the unconstitutional taking of private property. The process outlined in the State
25 Attorney General's 2006 advisory memorandum was used by the County in objectively
26 evaluating the regulatory changes proposed by this ordinance.

27
28 E. This ordinance is consistent with the record.

29
30 1. The lack of regulations addressing marijuana facilities may create nonconforming
31 uses and potential code enforcement issues.

32
33 2. The LCB will begin accepting license applications for marijuana facilities beginning
34 November 18, 2013, leaving limited time for the County to adopt land use regulations
35 addressing such facilities.

36
37 3. Marijuana retail and collective garden dispensaries or access points are appropriate in
38 the Neighborhood Business, Planned Community Business, Community Business,
39 General Commercial, Business Park, Light Industrial, Heavy Industrial and Urban
40 Center zones. Retail and liquor stores are permitted uses in these zones. Marijuana
41 retail and collective garden dispensaries or access points are similar to retail uses
42 and liquor stores and are compatible with these zoning designations.

4. Marijuana processing, marijuana production and collective gardens are appropriate in the Industrial Park, Business Park, Light Industrial, and Heavy Industrial zones. Manufacturing and industrial uses are permitted uses in these zones. Marijuana processing, marijuana production and collective gardens are similar to manufacturing and industrial uses and are compatible with these zoning designations.
5. Marijuana production and processing are appropriate in the Agricultural 10, Rural Industrial and Rural 5 zones. Agricultural production and processing are permitted uses in these zones. Marijuana production and processing are similar to agricultural production and processing and are compatible with these zoning designations.
6. Marijuana collective gardens and collective garden dispensaries or access points are appropriate in the Clearview Rural Commercial zone. Limited retail and production are allowed in this zone and are similar and compatible with marijuana collective gardens and collective garden dispensaries or access points.
7. Prior to the adoption of specific zoning regulations for marijuana collective gardens, collective garden dispensaries, and access points, some collective gardens, dispensaries, and access points opened in zones where they are not permitted under current zoning and where they will not be permitted under this ordinance. Since they were not legally established, they do not qualify as nonconforming uses and they do not have a right to continue operating. To provide for a smooth transition to the new regulations in this ordinance, and to allow time for those existing uses to relocate to zones where they are permitted, this ordinance would allow them to continue to operate in their current locations through December 31, 2015, provided they comply with all state laws and maintain a current certificate of occupancy.
8. The Clearview Rural Commercial zone is a limited area of more intensive rural development ("LAMIRD") under the GMA.
9. The lot size and setback requirements for marijuana facilities in the Agricultural 10, Rural Industrial and Rural 5 zones help to ensure compatibility and preserve the rural character in these zones.
10. Allowing marijuana processing only in conjunction with marijuana production in the Agricultural 10, Rural Industrial and Rural 5 zones supports the agricultural community and helps to preserve rural character.
11. Marijuana retail and collective garden dispensaries or access points are appropriate in the Rural Business zone. Retail and liquor stores are permitted uses in this zone. Marijuana retail and collective garden dispensaries or access points are similar to retail uses and liquor stores and are compatible with this zoning designation.

- 1 12. It is appropriate to restrict marijuana related facilities on properties that have the
2 mineral resource overlay designation in order to conserve land for minerals resource
3 extraction.
4
- 5 13. Adopting definitions for marijuana related facilities is necessary to provide clarity
6 and consistency. The definition for "Marijuana" is consistent with RCW
7 69.50.101(s) as amended by SSB 5524 in 2013. The definition for "Marijuana
8 processor" is consistent with RCW 69.50.101(t) (as amended by SSB 5524 in 2013).
9 The definition for "Marijuana producer" is consistent with RCW 69.50.101(u) (as
10 amended by SSB 5524 in 2013). The definition for "Marijuana retailer" is consistent
11 with RCW 69.50.101(ff) (as amended by SSB 5524 in 2013). The definition for
12 "Marijuana collective garden" is consistent with RCW 69.51A.085(2). The definition
13 for "Marijuana collective garden dispensary or access point" is consistent with
14 Chapter 69.51A RCW.
15
- 16 14. Restricting marijuana related facilities as a home occupation is necessary to prevent
17 impacts to residential neighborhoods and to protect the public health safety and
18 welfare and is consistent with proposed WAC 314-55-015(5) where the LCB has
19 indicated that it will not approve any marijuana license for a location where law
20 enforcement access, without notice or cause, is limited, such as at residences.
21
- 22 15. The County Council intends to adopt land use regulations related to medical cannabis,
23 as authorized under Chapter 69.51A RCW, that are similar to and consistent with the
24 County's regulations relating to the production, processing and retailing of marijuana
25 authorized under I-502.
26

27 Section 2. The County Council makes the following conclusions:
28

- 29 A. The proposal is consistent with the goals, objectives and policies of the County's GMA
30 Comprehensive Plan.
31
- 32 B. The proposal is consistent with Washington State law and the Snohomish County Code.
33
- 34 C. The County has complied with all SEPA requirements in respect to this non-project
35 action.
36
- 37 D. The regulations proposed by this ordinance do not result in an unconstitutional taking of
38 private property for a public purpose.
39
- 40 E. This ordinance is necessary to prevent marijuana facilities from locating in areas where
41 they would be detrimental to the public health, safety and welfare.
42

43 Section 3. The County Council bases its findings and conclusions on the entire record of
44 the County Council, including all testimony and exhibits. Any finding which should be deemed
45 a conclusion, and any conclusion which should be deemed a finding, is hereby adopted as such.
