1           **Section 4. Unanticipated Funds.** The County Council finds that there is a need  
2 for such supplemental appropriation authorized by this ordinance because the funds  
3 that support them were unanticipated at the time of the adoption of the 2021 budget and  
4 have not been previously appropriated. Based on the foregoing, the Council hereby  
5 authorizes this appropriation.

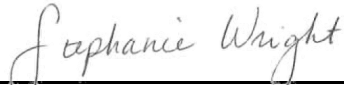

6  
7           **Section 5. Budget conditions**

8  
9           **(A) Budget conditions.** Pursuant to Section 6.50 of the Snohomish County  
10 Charter, this supplemental budget ordinance is subject to the following  
11 conditions, restrictions, and limitations:

12  
13           **(1) Fleet Electrification.** Council has appropriated \$2,200,000 for fleet  
14 electrification. Use of said funding is restricted to the replacement of  
15 existing vehicles/equipment within the fleet with electric vehicles (EVs)  
16 and/or electric equipment. Prior to the release of any funding for fleet  
17 electrification, the fleet services division will (1) conduct market research  
18 to determine the availability of EVs and/or electric equipment to replace  
19 specific vehicles and/or equipment during standard fleet rotation (end of  
20 service life)(2) based on the market research, coordinate with county  
21 departments/courts/offices to determine whether there are EVs and/or  
22 electric equipment available on the market that meet the needs of each  
23 department/court/office, and (3) provide to council a report identifying  
24 those existing county vehicles/equipment which can be replaced with an  
25 EV and/or electric equipment in 2022. The report will include, for  
26 purposes of comparison, (a) the cost of a traditional (gas or diesel-fueled)  
27 vehicle/equipment, (b) the cost of the proposed EV and/or electric  
28 equipment, and (c) any differences in cost for ongoing maintenance,  
29 fueling, and outfitting as between traditional (gas or diesel-fueled)  
30 vehicles/equipment versus the proposed EVs and/or electric equipment.  
31 Council will thereafter review the report and approve the release of fleet  
32 electrification funding, subject to state law and Snohomish County Code  
33 provisions regarding procurement. This report shall be submitted via  
34 ECAF, with accompanying motion no later than March 31, 2022.
